SCHAEFFLER AUTOMOTIVE AFTERMARKET GMBH & CO. KG, LANGEN

New edition of Schaeffler Automotive Aftermarket compendium

LuK Clutch Catalog 2015/2016 for Heavy Commercial Vehicles and Busses now available

The new edition of the LuK Clutch Catalog 2015/2016 for Heavy Commercial Vehicles and Busses – with updated and expanded vehicle links – is now available. Besides listing the "Big Seven," the seven largest European truck manufacturers, the roughly 300-page compendium of Schaeffler Automotive Aftermarket comprises for the first time LuK products and repair solutions for selected Russian and Asian truck brands as well. Schaeffler's Aftermarket specialists have also expanded their bus portfolio and enhanced this with links to Asian manufacturers.

Another new feature – besides the LuK RepSet SmarTAC 430 mm pull-type, the new edition also lists the LuK RepSet SmarTAC 395 mm push-type, which is now available for the first time to the independent Aftermarket for selected Mercedes-Benz models. With its travel-adjusted clutch (TAC), the Schaeffler brand LuK has been development partner and original equipment supplier for Mercedes-Benz for several years now.

The portfolio listed in the main section of the new catalog edition contains all repair sets offered by Schaeffler Automotive Aftermarket for truck and bus clutches – the LuK RepSet, the LuK RepSet Pro and the LuK RepSet SmarTAC. The catalog's clearly-organized navigation system and a structure that is mostly non-verbal with descriptive pictograms, ensure that the reader can quickly and easily find the required spare parts and repair solutions for specific vehicle models. In addition, on the catalog's introductory pages there is information about the entire commercial vehicle portfolio from the LuK, INA and FAG brands. This is followed by detailed descriptions about the functionality and technical benefits of selected LuK products. These include the innovative friction lining LuK HD 30 PLUS, the LuK 6-spring torsion damper disc and the LuK RepSet SmarTAC.

All information is available in five languages – English, French, German, Italian and Spanish. The new edition of the LuK Clutch Catalog 2015/2016 for heavy commercial vehicles and busses, built in 1995 or after, is available from Schaeffler Automotive Aftermarket's distribution partners. This compendium can also be downloaded on the internet at [. The online catalog of the Aftermarket specialists, accessible at \[, as well as the websites and provide supplemental information, for instance about articles for older vehicles and about the complete portfolio offered by Schaeffler Automotive Aftermarket.\]\(#\)](#)
